## 2023 SPONSORSHIP PACKAGES

The Stamping Technology Webinar Series, conducted in Spanish, will arm senior Mexico business leaders and their key technical staff in Mexican stamping facilities with the most current information on numerous technology trends in the metal forming industry.

PMA and *MetalForming Mexico* magazine are pleased to team up to help metal formers leverage growth in the Mexico market by hosting this webinar series, beginning on March 28 and ending on April 6, 2023. Topics include best practices for coil-line setup and operation; ideal press- and die-maintenance practices and procedures; pressroom safety; tips for selecting the right press type for the job; quick-die-change technology and procedures; pressroom automation; and in-die sensing and tonnage monitoring. The sessions, conducted in Spanish, will benefit company executives as well as engineers, technicians and operators.
