

# Hot Stamping Experience and Tech Tour

November 20-21, 2024  
Charleston, SC

*MetalForming* magazine and the Precision Metalforming Association are proud to deliver this one-of-a-kind event that provides a unique opportunity to dive deeply into the ever-expanding world of hot stamping. Gaining popularity among automotive OEMs and Tier suppliers, as well as other industries, hot stamping has become a go-to process for the production of lighter and safer vehicles.

In addition to the timely and impactful presentations, attendees will view steel production at the Nucor Steel Berkeley mill in Huger, SC. On display: low-carbon EAF steelmaking via tours of the melt shop, caster and hot mill.
