MetalForming and PMA Present the

METAL FABRICATION STRATEGY SUMMIT

May 21-22, 2025 Northbrook/ Chicago, IL

Expert panels tackle trending sheet metal-fabrication topics

This two-day dynamic, interactive event promises to facilitate in-depth discussions through a series of targeted roundtables. Each facilitated roundtable centers on a unique, timely topic critical to the continued success of sheet metal fabricators.

EVENT TOPICS

- Design for manufacture
- Scalable process integration via software & automation
- Smart manufacturing/Industry 4.0
- Growing Your Customer Base
- Digital transformation
- Workforce training & retention

The format, which includes thought-leadership keynote addresses, will allow for meaningful dialogue and networking opportunities, fostering collaboration and knowledge-sharing and encouraging attendees to engage with the subject matter.

Attendees will come away with practical advice they can take back to their manufacturing facilities to help improve productivity and efficiency, as they work to create finished products from sheet stock.

If you operate or plan on operating laser, plasma or waterjet cutting equipment, bending or folding machines, punching machines, welding equipment, automation equipment, and more, this event is for you!

MetalForming Precision METALFORMING ASSOCIATION
