

INDUSTRY 4.0 EXPERIENCE

FOR METAL FORMERS & FABRICATORS

October 5 - 6, 2022
Schaumburg, IL & Virtual

MetalForming magazine and the Precision Metalforming Association (PMA) offer providers of ERP/MRP software, sensors, controls, automation and IoT solutions, and additive manufacturers, an exclusive opportunity to discuss digital and plant-floor connectivity technologies with engineers, managers and other team members representing metal stamping and fabricating companies.

By sponsoring this event, you can showcase your technology, make valuable business contacts and brand your products and services to a key group of qualified prospects and industry professionals.

Conference activities include:

- Technology demonstrations by leading suppliers;
- Presentations describing successful Industry 4.0 projects at metal forming and fabricating facilities; and
- Keynote presentations on the latest developments and implementation trends.

We have three sponsorship packages to meet your marketing needs.
